

ASOS, AWSS, AWOS, TWEB, PIREP, TAF, METAR, HIWAS... I'm so confused! The sequel

Join us for Phase 2 of the weather seminar series here at Skyline Columbus. We'll discuss basic weather theory and the graphics weather products that the FAA says you should know about it. Don't miss this great training class that will help you better understand what most pilots go their entire flying career not fully understanding.

Directions: Hangar 57 - KCSG
